Holiday Assignment

Summer 2022-2023

Class: IV

**"The holiday season is a perfect
time to reflect on blessings and
take out ways to make life better
for those around us".**

GENERAL RULES:

- Use resources (A4 size sheets, ruled/colored sheets/loose sheets) only which are available at home to complete all including craftwork.
- In the journal you mention the date and the day. (Note: - It should not be more than one page.)
- Click a picture of your kid while he/she is performing any of the given task.
- Submit the summer assignment to your respective class teacher once the school re-opens.
- Send the videos to your respective Class teacher by the 27th of June 2022.

Life Skill Activity

- **Learn Emergency Numbers**

Knowing the emergency numbers ensures that your child is equipped with the knowledge of who to contact in differing emergencies. Be sure to teach learners the correct telephone numbers based on their geographical location. Make a video of you ward reciting few emergency numbers ,after

- **Learn To Garden**

Garden is a great life skill to nurture from a young age. Gardening allows learners to become more responsible in caring for their plants. Gardening also exposes learners to a better understanding of the natural world and all of its elements.

Language development

- *Storytelling*

Storytelling is a great family activity that encourages language development and introduces new vocabulary. Make up stories together with your child including characters, conflict and a happy ending. Sit down to look at family photographs, talking about who is in the photograph, what they were doing and where they were. Ask your child to retell stories and set aside time for regular reading. You can even narrate the day with your child as it unfolds, e.g. "Now we're going outside to water the flowers. When we finish, we'll prepare the table for lunch."

- *Role-playing*

Role-playing is a fun and powerful way to expand your child's imagination and introduce related language and words. Using costumes and props (or imaginary ones!), you can role-play scenarios which involve different characters to introduce related words and stretch your child's imaginative play skills. For example, if you pretend to be a teacher, include as many related words as possible, e.g. classroom, students, blackboard, desk, books, learning, reading etc.

Celebration **Father's Day**

Father's Day is celebrated for honoring fatherhood and paternal bonds and the influence of fathers in society. This year Father's Day is on 19th June Thursday, 2022.

- **Go on a Food Tour**

Is your dad a self-proclaimed foodie? No activity would be better than taking him out on a food tour of the best local restaurants. Walking tours are a great way to explore the city and get your stomachs growling.

If your dad already knows his area well, take him a few towns over to explore a new environment. Don't forget to click your pictures. With so many creative food and drink options, you'll have full bellies and hearts by the end of the tour. It's always fun to try new things, but the event will be even more special because of all the quality time you get to spend together.

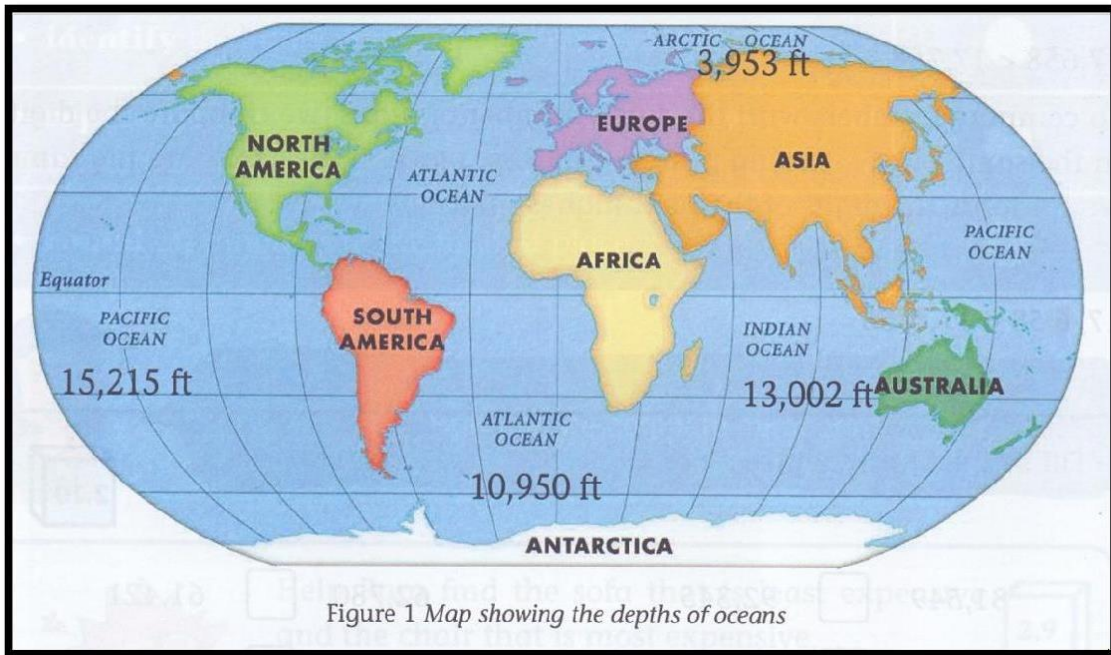

Language Development Activity

- गुणत्तापूर्वक शिक्षा(**SDG 4 Quality Education**) के बारे में शोधकार्य कर के अपने विचार प्रगट करे।
- स्वैरचित कविता का चित्रों क साथ वर्णन करें।

MATHEMATICS

ACTIVITY 1

The average depth of different oceans is marked on the world map. Look at the map and answer the following questions.

Answer the following questions:

1. Name the deepest ocean.
2. How much more deep is Pacific Ocean as compared to Atlantic Ocean

Calculate the total depth of the Pacific and Arctic Ocean

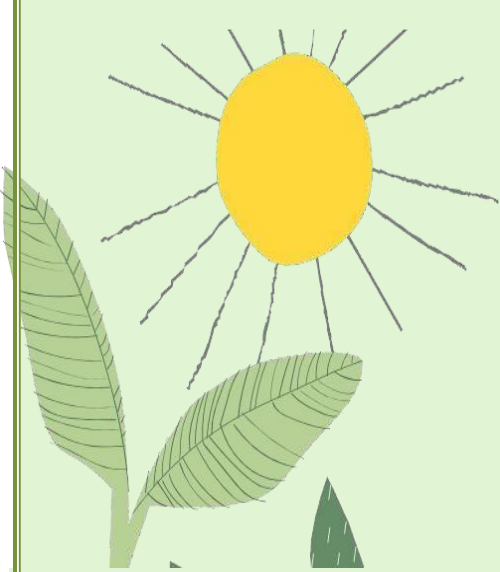

EVS

Let's explore! With the help of your family , identify any three plant products in your kitchen

Sow a seed of any terrestrial plant and observe the growth pattern. Note down the observation

ENGLISH

This time travel enough to meet yourself instead of places!

Vacation is a welcome break! So, let's make the best of this time by upgrading our skills, spending time with family and connecting over a video call with our loved ones. Though the situation is tough, but remember: - this too shall pass.

Let's cheer for the 3R's- Rejuvenation, Relaxation and Rebinding!

Reading- thoroughly read books available at home. Seek help from your parents in case you aren't able to read a few words. Make a list of books read by you in your English and Hindi notebook respectively.

Unravel the artiste in you- pursue your hobbies, learn a recipe without fire, write a story, draw, dance, sing, play an instrument do whatever makes you happy.

Exercise- do simple exercises or yoga at home which keeps you fit and energized.

Extend a helping hand- help your parents by extending help and assisting them in filling water bottles, keeping your room and closet clean, watering plants.

Cultivate manners - Respect your parents, grandparents and all elders. Remember the 4 magical words: PLEASE, THANK YOU, SORRY AND EXCUSE ME. Make these a part of your personality. 'A little more courtesy goes a long way.'

Appreciate and show gratitude - learn to appreciate and be thankful for everything in your life.

Revise- go through what your teachers have taught you more than twice and practice it well.

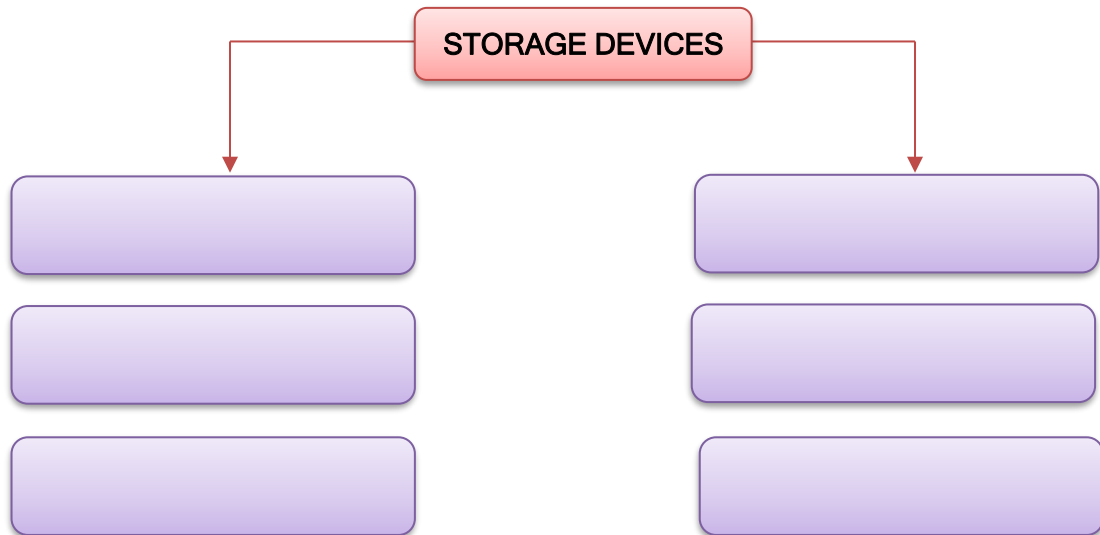

Family Time- make sure you spend quality time together. Play games like - carrom, chess, ludo, scrabble, this time you read bedtime stories to your grandparents and parents, eat meals together, watch movies, enjoy music together.

Dis-engage - make an attempt to disengage yourself from technology and other gadgets, seek help from your parents to learn mindfulness.

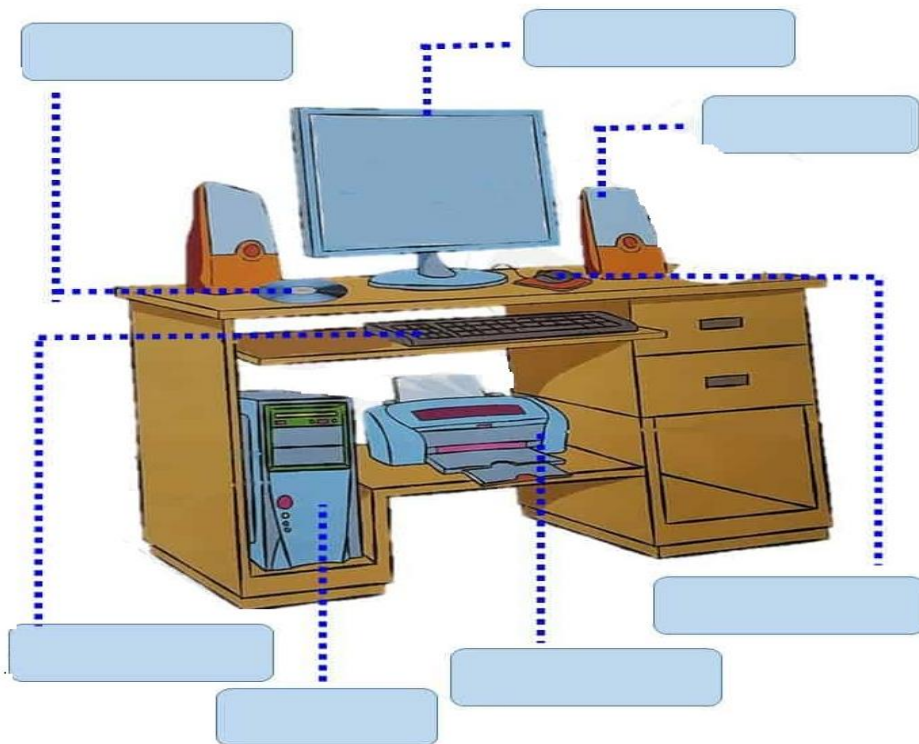

Stay safe and pray - avoid going out of your home and thank God for keeping us all safe. Wearing mask, washing hands and maintaining distance is the key.

COMPUTER

Q1 Complete the chart showing the storage devices of the computer.

Q2 Label the parts.

Q3 Draw the diagram of Input Process Output Cycle.

Q4 Write a poem on the topic “Technology in our life” beautify it by drawing or pasting the pictures also.
