TESTIMONIALS

Banayan Tree School is a well developed, peaceful environment based school. I have been learning here from the very beginning of my academic years and the experience is astounding. The school provides the students with the atmosphere and decorum necessary for the students to bring the best out of them. The teachers here are very well connected with the students and this bond give the students the comfort and a keen interest in their studies. The school is very well concerned of the student's physical activities and moral values like, discipline, cleanliness, patriotism and much more.

Last year, I got enrolled in Banyan Tree School, Chandigarh for my Grade 11th and 12th. Although my experience with the school has been quite short but I'm pleased to say that the school is fair to its reputation. All the teachers are competent and genuinely interested in the students and their well-being. We are assessed on the study material regularly to keep in check with our preparations. Plenty of sports, extra-curricular activities and seminars are also held for us. Overall, I am grateful to the teachers for their constant support.

My daughter is studying in class 7 in BTS Chandigarh. Regarding the school. I am very happy with the teachers. They are putting a lot of efforts. They are guiding the students well. Students are motivated to develop their thinking power. Emphasis is laid on the overall development of children. A good team work by BTS staff under the guidance of Principal. Kudos to the team!!!

Today's session on Diabetes, organised by Banyan Tree School- Chandigarh was very informative. We not only were told about the types and causes of it but Dr. Sachin Mittal extensively discussed methods to prevent it too. A health check was organised for all participants. Indeed a noble initiative. Congratulations to team BTS for a great session.

-Mrs. Om Kanwar
(Mother of Yashashvini & Aditya)

I truly feel glad to admit my daughters in the Banyan Tree School, Chandigarh. Our experience has been absolutely satisfactory. The kind of exposure to academic and extra-curricular activities they are getting here is also quite pleasing. I really feel fortunate that my daughters are always motivated and eager to go to school every day. I would really like to give credit for encouraging the development of my daughters to the amazing teachers, staff, school management and quality infrastructure. I wish the school all the best for its future endeavors.

(Father of Kunjas & Kinjal)

No words can describe how thankful I and my husband to have Guntaas be part of the family of BTS, under the qualified teacher. The teachers are so helpful, full of support and encouragement also bring the confidence in the class. We have witnessed massive and exponential development in my daughter. What a year for Guntaas and especially for us parents knowing Guntaas is in a very good environment that always keeps her motivated to come to school and achieve her best. Thank you very much for your leadership and I trust BTS will more get recognize as one of the best education providers."
