Winter Holiday Homework

GRADE-IV

Dear students,

Winter Vacation is here, Hurray!! Have you started listing all exciting things you will do? Why not have fun with a little bit of learning along the way? So here's a list of some enjoyable learning activities you can do at the noon time. Do them neatly and submit them after the vacations. Here are the ways by which you can make your holidays fun and learning at the same time:

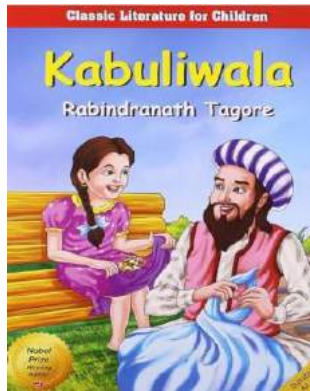

- Go for a walk, talk about things you see around. Speak in English as much as possible.
- Help parents in small household chores like dusting, cleaning and watering the plants.

NOTE: Do all the assignment in a neat and legible handwriting. Parents are requested to just guide the children to complete the task on their own.

SUBJECT	ACTIVITY
EVS	<p style="text-align: center;">BECOME A WATER WARRIOR</p> <p>About three fourth part of our earth is covered with water but only one percent of it is potable. Somewhere there is plenty of water and in some areas, people are facing its scarcity. The groundwater level is also decreasing and, in some areas, it is not available.</p> <p>This is all happening because of the disturbed cycle of water. Let us become water warriors and take responsibility to repair this cycle so that each organism on the earth gets enough water for survival.</p> <p>There are lots of ways in which each one of us can play a positive role in water conservation like rainwater harvesting, reusing water from water purifiers etc.</p> <p>Let us think and come up with innovative ideas for how we can make it possible. You all have to present your idea in any one way. (a 3D model/a poster/a PPT/a self-composed poem/or any creative way)</p> <p>To know more about sustainable goals, watch this video. https://youtu.be/nTcFXJT0Fsc?si=BILkkBFQZ8i89Q9</p> <div style="text-align: center;">  </div>

English

Reading classic literature can significantly expand your vocabulary and develop your linguistic skills. As you encounter new words and concepts, you'll increase your knowledge and develop a better understanding of language. So here we suggest a novel **KABULIWALA** by **Rabindranath Tagore**.

All you have to do is reading and then use your imagination to twist the end of the tale. Write the brief of the tale in your own words on a ruled A4 size sheet. (200 words), also you may create a video and share it with your class teachers while twisting the story and giving it a new end. Let the author in you get a sky to fly with his own wings.

Math

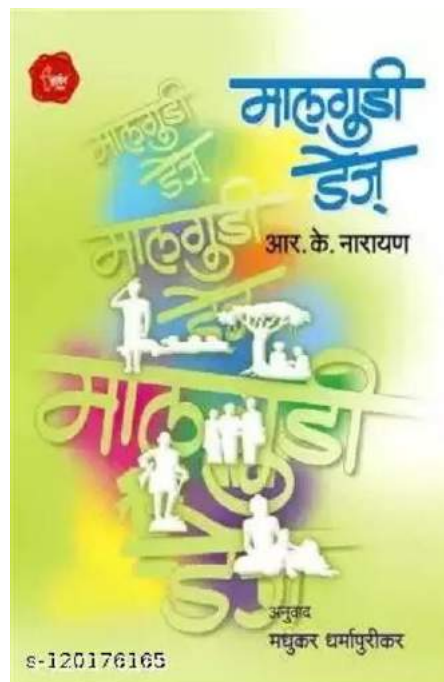

MONEY MATTERS!

Visit your grandparents and ask them about the currency and developments in the modes of payments since old time. Also, research about the different types of notes and coins that were used since the old age such as mud coins, metal coins, paper currency etc. Create a timeline of Money from Barter System to the Present Denominations. (To present your idea you may design a poster/chart/ model/ clay art etc)

Hindi

लोकप्रिय कहानीयां (आर.के. नारायण) द्वारा लिखित **मालगुडी डेज** या (सुरभी मित्तल) द्वारा लिखित **छोटी सी आशा** पढ़े ।
ऊपर दी गई पुस्तकों में से किसी एक पुस्तक को पढ़कर उसके संदर्भ में 200 शब्दों में अपने विचार व्यक्त कीजिए।

German

German is among the ten most commonly spoken languages in the world. It is easy to learn as some of German and English words and sounds are similar. So, in order to be friendly with this language easily in a fun way, let's learn a poem by clicking on the given link. Try to listen and recite along with it again and again. Recite in front of your family, friends and fellow beings and enjoy. Also, make a video and share it with your class teachers,
